WINE COMPOSITION

Wine Type: Skin-Contact White Wine
Alcohol Content: 13%
Residual Sugar: 0 g/L
PH Level: 3.2

SERVING SUGGESTIONS

Best Opened: Best to open at 10 degrees celsius as one would a white wine

WINEMAKING

Sauvignon Blanc picked first week of August, partially destemmed, partially pressed, free-run juice added back on skins in stainless tanks.

Punch down occurs twice daily. It ferments for three weeks at 17 degrees celsius. An additional two weeks of maceration is done.

Merwah is harvested in the first week of October, it goes a slow ferment on skins for three weeks. It is then pressed and blended with the Sauvignon Blanc. The wines go through MLF naturally, they are racked twice before being bottled in late spring.
